- "Being a Safe Passenger" Coloring Book

Structure / Activity:

1. Advisor will review the "Passengers and Driving Distractions" information sheet with Patrollers and discuss.
2. Patrollers will split up into groups and present the information to fellow Patrollers to ensure they have mastered the content prior to teaching other students.
3. Advisor will determine how coloring books will be dispersed to other students (ex. Patrollers may provide pre-printed copies to students or Advisor may provide link to teachers digitally).
4. Advisor will determine when and how safety information will be provided to other students by Patrollers (ex. small group setting before school, at lunches, morning announcements, etc.)

Assessment: Students will show comprehension of passenger distraction by listening to discussion with Advisor and practice presenting the content to fellow Patrollers. Patrollers will understand basic concept of distractions and will be able to explain how certain behaviors can create an unsafe environment for a driver.
