In a lovely historic district, the weekly San Telmo Antique Fair hosts more than 250 vendors. Join residents who are out to shop and enjoy the impromptu performances of tango and theater that make this one of the city's liveliest events. Then visit Zanjón de Granados. Discovered in 1986 and dating to the 1700's, this unique subterranean architectural site encompasses a network of tunnels and cisterns that have been reconstructed and lit; this will be a fascinating look into the earliest days of the city.

DAY 1 | Ushuaia

AAA Vacations® guests have breakfast and this entire day to enjoy. Our other travelers arrive today. MEALS B

DAY 2 | Into Tierra del Fuego and on to your ship

This morning's tour explores the forests, lagoons and mountains of Tierra del Fuego National Park. Traveling all the way to Lapataia Bay, you'll have a chance to observe indigenous species as you learn about the region's geology, flora and fauna. Then board the *mv Ushuaia* and settle in to your cabin. Meet your expedition team and get acquainted with our Polar vessel as you set sail along the Beagle Channel. MEALS B+D

DAYS 3+4 | Crossing the Drake Passage

The Drake Passage marks the Antarctic Convergence, where Polar waters sink beneath warmer currents, creating an upwelling of nutrients that sustain rich marine life. As you sail across this passage, our naturalists are on deck to identify the many seabirds following in our wake. Our open bridge policy allows you to join officers to learn about navigation and watch for Minke, orca and humpback

whales. Sightings of icebergs and snow-capped peaks indicate we have reached the South Shetland Islands. With good sea conditions, you'll go ashore on Day 4 for your first landing! MEALS 2B+2L+2D

DAYS 5 TO 8 | Exploring the Southern Seas

A haven for wildlife, the South Shetlands offer the opportunity to encounter vast penguin rookeries, numerous seabirds and beaches ruled by fur and elephant seals. Sailing through the narrow passage into the flooded caldera of Deception Island is amazing. On King George, you'll be greeted by Adélie and Chinstrap penguins, blue-eyed cormorants, Antarctic terns and giant petrels. As we near the Antarctic Peninsula, you'll have ample time to explore its pristine scenery – a mountain wilderness of ice, snow and water home to a rich variety of wildlife. Apart from penguins and seabirds, you are likely to encounter Weddell, crabeater and leopard seals. Depending upon sea and ice conditions, we'll navigate some of the most beautiful waterways of the Southern Hemisphere: the Gerlache Strait, the Neumayer Channel and the Lemaire Channel – a narrow passage between towering rock faces and glaciers. With good conditions, you'll make at least two landings per day with our expert naturalists. Possible landing sites on the Continent itself include

Paradise Bay, one of the most aptly named places on earth. After negotiating the iceberg-strewn waters of the Antarctic Sound, we visit Paulet Island, home to a bustling Adélie penguin colony of 100,000 pairs. The Nordenskjöld expedition built a stone survival hut here in 1903. Today its ruins have been taken over by nesting penguins. If conditions permit, we'll visit to the southern-most colony of Gentoo penguins on Petermann Island.

MEALS 4B+4L+4D

DAYS 9+10 | *Across the Drake Passage*

Leaving Antarctica behind, we head across the Drake Passage. Join our naturalists on deck or head to the bridge with the officers; either way, keep your senses tuned for seabirds and whales. You can also enjoy our final lectures, a wonderful recap of your adventures. MEALS 2B+2L+2D
